

CRIMINAL MINDS *bonnie* Semillon Sauvignon Blanc 2011

So, scratch the family tree in Australia, and there is generally a criminal element in there somewhere. Our family, well, suffice to say we have some dirty laundry.

criminal minds

bonnie

Today the Byrne family has a squeaky clean slate when it comes to criminal activity, and we have put our criminal minds to better uses. On our beautiful properties on the banks of the River Murray, and in the picturesque Clare Valley, we are making amends for the sins of our ancestors by re-establishing wetlands and pampering our vineyards.

REGION

Clare Valley

ALCOHOL

13%

CLOSURE

Screw cap

WINEMAKING

We pick our Semillon and Sauvignon Blanc in the early evening in order to maintain the clarity in the fruit. The wines are fermented together in stainless steel tanks, to ensure a seamless integration between the two varieties. We have used a unique strain of yeast which brings the Clare Valley florals to the fore in the finished wine.

COLOUR

Delicate pale straw.

AROMA

Bright notes of peach blossom and lime.

PALATE

This is an elegant style, with tropical hints mid-palate. The limey finish creates a lasting impression, and the floral notes of lavender and guava lift the fruit profile. Stylish, and with a distinctively Clare character.
