

## CRIMINAL MINDS *clyde* Shiraz 2010

So, scratch the family tree in Australia, and there is generally a criminal element in there somewhere. Our family, well, suffice to say we have some dirty laundry.

**criminal minds**

*clyde*

Today the Byrne family has a squeaky clean slate when it comes to criminal activity, and we have put our criminal minds to better uses. On our beautiful properties on the banks of the River Murray, and in the picturesque Clare Valley, we are making amends for the sins of our ancestors by re-establishing wetlands and pampering our vineyards.

## REGION

Riverland and Clare Valley

## ALCOHOL

14%

## CLOSURE

Screw cap

## WINEMAKING

The two parcels of Shiraz came off the vine at separate times, and were fermented separately in stainless and aged barrels. As the wines settled, we blended them together to create a Shiraz with the rich Riverland fruit character and the finesse of the Clare Valley.

## COLOUR

Crimson.

## AROMA

Raspberry and chocolate, with cedar notes.

## PALATE

A careful blend of the two regions, this wine showcases the best of each: the vibrancy and intensity of the Riverland fruit showing mulberry and cassis, and the floral elegance of the Clare parcel, along with some velvety oak structure to add balance.
